

# LAMINATED ANTI-FATIGUE

## Industrial Cushion Step

### CONSTRUCTION:

- Durable rubber surfaces laminated to closed cell 5/16" vinyl sponge.
- Total thickness 1/2" for corrugated rubber surface.
- Total thickness 7/16" for textured rubber surface.
- Available with 5/16" or 7/16" sponge rubber back (optional).
- Colour availability: black

### FEATURES AND BENEFITS:

- Mats are constructed for long wear in tough industrial applications.
- Textured and Corrugated Rubber surfaces resist damage from welding and grinding.
- Abrasive textured surface or deep grooved corrugated surface provides excellent traction and slip resistance.
- Cushioned foam allows muscles to gently exercise, reducing tension and lower back pain.
- Minimizes the pain and emotional stress of fatigue from standing.
- Available with non-skid Mat Lock™ backing (optional).

# Deck Plate Industrial Cushion Step

## CONSTRUCTION:

- Non-directional diamond pattern vinyl surface laminated to a 5/16" vinyl sponge.
- Overall thickness of 1/2".
- Available with 5/16" or 7/16" rubber sponge back (optional).
- Colour availability: solid black or black with yellow borders.

## FEATURES AND BENEFITS:

- Non-directional surface pattern provides excellent traction and improved safety features.
- Attractive diamond pattern gives longer life and wear resistance.
- High visibility yellow borders provide an extra margin of safety.
- Bevelled edges with rounded corners greatly reduce trip hazards.
- Easy maintenance with a broom or a wet mop.
- Provides relaxing leg and lower back support for employees who stand at work.
- Available with non-skid Mat Lock backing (optional).
